Racing Update

Into our 4th month of sailing with a lot of competitive activity ahead of us. This week the Mermaids head west for their championships in Foynes – best of luck to SSC sailors. The GP14s have their championships at the end of the month when our good neighbours RSC have their annual Regatta (Aug 29th/30th). But of course the biggest event will be the Onnie National Irish

Championships which Olive and her team are in the final stages of preparation for. Best of luck to them. More anon.

Sunday August 2nd – As this the weekend of the Water Safety event we plan, weather permitting to send one possible two races around to marks on the south beach – see notice board for details. Weather is currently F5/6 S increasing. Will revert to bay race if weather is too gusty. Rescue support supplied by Ger and Paul Sexton, David Marshall and Martin O'Brien.

Wednesday August 5th – Again weather is F5/6 S. Usual Bay racing with rescue support from Stuart Burns, Eric Quinn and Eoin Kelly. A meeting of the Sailing Committee has agreed to leave the dinghy Wednesday series as one for the whole season rather than split into two – early and late – give the smaller number of races that would occur in a late Wednesday series. The results are on your club webpage <http://skerriessailingclub.com/> - tab racing/results/2015.

This week's photo above is SSC cruisers on their way to Greystones last weekend.
